RE: Docket Number 98P-0151/CPI

To Whom It May Concern:

I am writing to the US FDA because I want you to know my feelings regarding "downed animals."

I know that a petition has been filed with the U.S. Food and Drug Administration to completely prohibit the slaughter of downed animals and I think that should have been done a long time ago. The treatment that those poor animals receive is more than I can bare to think about. By cutting out the market for downed animals, the livestock industry will have more of an incentive to treat animals humanely, euthanizing "downed animals" on-farm, and more importantly, preventing the injuries that cause downed animals in the first place.

I totally support docket number 98P-0151/CPI. Thank you for your time and consideration.

Yours truly,
